Product Information Sheet

Super Absorbent Vomit and Urine Bags

1000ml Capacity With Adhesive Seal

Your essential solution for liquid waste emergencies - at home, on the move, and in care

Product Description

SafetyGel Vomit and Urine Bags help you rapidly deal with liquid waste hygienically and discreetly.

Each bag has an impressive 1000ml capacity and contains our fast-acting SafetyGel formula to absorb and solidify bodily fluids while locking in odours. The adhesive strip and secure grip make handling and disposal simple and leak-free.

Compact and easy to store, each bag measures approximately 20cm x 30cm yet can hold up to 1 litre (35 fl oz) of fluid.

Whether dealing with illness, travel sickness, patient care, or toilet emergencies, SafetyGel Vomit and Urine Bags provide a practical, reliable solution for the hygienic containment and disposal of bodily fluids.

Product Features

- **Rapid Absorption:** Within 60 seconds, fully absorbs up to 1000ml of bodily fluids, making it ideal for emergencies and quick, efficient clean-ups
- **Secure Handling:** With an adhesive strip and grip seal, the bag ensures safe and secure handling and disposal of contents
- **Fast-Acting Formula:** The non-toxic and compostable SafetyGel formula acts rapidly to absorb and solidify liquids, preventing leaks and spills
- **All-in-One Convenience:** Replaces vomit bowls, urine bottles and bedpans - saving space and simplifying your kit
- **Large Capacity:** The impressive 1000ml capacity allows for efficient absorption of substantial fluid volumes in a single bag
- **Improved Infection Control:** Minimises the risk of cross-contamination, protecting users, staff and carers
- **Designed for Dignity:** Discreet design helps maintain comfort and privacy

Directions for Use:

1. Open the bag widely and confirm the absorbent pads are enclosed.
2. Place the bag over the appropriate orifice and use.
3. Once used, pinch closed the double self-sealing zipper, pushing tightly along its entire length to lock it firmly closed.
4. Remove the self-adhesive strip cover, then fold the top of the sealed bag down at the dotted line so that the bag is now folded and stuck down to itself securely.
5. Dispose of via the appropriate clinical waste channel or your local disposal route. Always follow local, regional, or national waste disposal guidelines.

Non-Toxic & Non-Irritant | WARNING: **DO NOT EAT** | CHOKING HAZARD
